Mr. Bogdan Stanciu
Pro-Vita Bucharest Association

Dear Mr. Stanciu,

I would like to thank you for honouring us with your presence at the Budapest Family Summit. We are proud that this series of conferences was the biggest family-oriented event in Europe in recent years. It was a great honour for us both as organisers and hosts to welcome you at the conference and without your active participation, this event would not have been such a great success.

It is my sincere belief that our efforts to raise awareness of the demographic crisis, as well as showcasing positive examples of placing families first will help in spreading the pro-family approach. These four days showed not only to us but to the whole world how important families are. However, this is just the beginning of our mutual work: I sincerely hope that with further cooperation, we will pave the way for the next generations to be brought up in a happier world, so that in a family-friendly environment they may choose the family life.

Once again, thank you for coming to Budapest and thank you for contributing to the success of the Budapest Family Summit.
